

Nurturing Knowledge SCHOOL

Preschool & Pre-K

Nurturing Knowledge School's year-round academic program operates from July to June. Annual tuition is based on the number of program days in the school year, and is divided into 12 equal monthly payments.

Tuition is not charged for holidays nor scheduled closures. Please refer to the [annual school calendar](#) for school closures and breaks, observed holidays, and Teacher Professional Development days.

Tuition is paid by Direct Tuition Payment (DTP) via checking / savings auto draft, debit or credit card, and is debited between the 1st - 5th of each month. A 3% surcharge is applied to debit or credit card payments.

There is no credit given for unexpected school closures due to inclement weather or unforeseen events, nor for personal days missed, such as for vacations or illness.

A \$700 deposit is required for each child enrolled, due and payable upon enrollment. This deposit will be applied to your last month's tuition, except in the case of a withdrawal.

A non-refundable \$200 annual registration and school supply fee is required for each child enrolled, due and payable upon enrollment for each school year. For mid-year enrollment, the annual registration fee will not be pro-rated.

Additional siblings receive a 10% discount on tuition rates, applied to the equal or lesser tuition amount(s), not the primary tuition.
